1. Instructional Delivery Mode (IDM)

As the future of the new normal unfolds, the SJCDC adopts the multitude of learning modality to deliver knowledge and skills by infusing two distinct learning interactions.

- a) **Face-to-Face: (Existing)** Delivery of instruction is structured around in-person classroom meeting times. Instruction is delivered in person and students are expected to attend class, sometimes referred to as traditional classroom courses.
- b) **Blended Distance Learning (BDL):** Delivery of instruction in which traditional face-to-face contact hours are replaced with required online instruction through the Learning Management System (LMS). This could be a combination of physical and virtual classrooms. There is an attendance expectation and students can choose to attend the thru class face-to-face or use real-time video conferencing technology. The amount of online activity is set by the instructor and varies by course. Some instructors may require occasional examinations. Students should refer to the course syllabi for the course meeting schedule.

As per DepEd Order No.8 s.2015 entitled “Policy Guidelines on Classroom Assessment for the K to 12 Basic Education Program”, A new grading system will be used in assessing new learners and was described to be a standard and competency –based grading system. Grades will be based on the weighted raw score of the learners’ summative assessments.

Component of Summative Assessment

Components	Purpose	When Given
Written Work	<ol style="list-style-type: none"> 1. Assess learners’ understanding of concepts and application of skills in written form. 2. Prepare learners for an assessment. 	At the end of the topic or unit.

Performance Tasks	<ol style="list-style-type: none"> 1. Involve students in the learning process individually or in collaboration with teammates over a time. 2. Give students in the learning opportunities to demonstrate and integrate their knowledge, understanding and skills about topics or lessons learned in specific real-life situations by performing and/or producing evidence of their learning. 3. Give students the freedom to express their learning in appropriate and diverse ways 4. Encourage student's inquiry, integration of knowledge, understanding, and skills in various contexts beyond the assessment period. 	At the end of a lesson focusing on a topic/skill lesson Several times during the grading
Examination	Synthesize all the learning skills, concepts and values learned in an entire grading.	One, at the end of the grading.

The sum of each component is converted to a Percentage Score. To compute the Percentage Score, divide the raw score by the highest possible score then multiply the quotient by 100%. This shown below:

$$PERCENTAGE SCORE = \left[\frac{\text{Learner's total raw score}}{\text{Highest possible score}} \right] \times 100\%$$

Percentage Scores are converted to Weighted Scores to show the importance of each component in promoting learning in the different subjects. To do this, the Percentage Score is multiplied by the weight of the component. The product is known as the Weighted Score.

$$\text{Weighted Score} = \text{Percentage} \times \text{Weight of Component}$$

3. For Senior High School

The grading system for Senior High School follows a different set of weights for each component. The table below presents the weights for the core and track subjects.

Thaddean’s Conduct Outside School

We are currently facing the greatest challenge in our lifetime. This pandemic has compelled us to embrace the changes and cope with the coming of the “new normal.” Now that we are on the distance learning modality, SJCDC expects every student to be conscious of their identity with the school to which he/she belongs. It is the Thaddean’s responsibility to uphold the good image of the school by conducting manner befitting the teachings of St. Jude Thaddeus. Consequently, his/her behavior is reflective of all the learnings and influence he/she acquired in the school. While not in school, he/she should observe the generally accepted behavior and norms of the institution.

As such students are called upon:

- To uphold the academic integrity of the school, protecting at all times its name, reputation and ideals even in a remote learning system.
- To conduct himself/herself with dignity and honor and to acknowledge and respect instructions of the authorities when representing the school in any authorized activity. Likewise, he/she should represent his/her self in a Thaddean values when using the name of the school.
- To keep away from the establishment of ill-repute such as gambling joints, sauna parlors, drinking places, pot session dens, and other similar places; and to avoid association with persons of questionable character.
- Not to use, without prior authority, the name of St. Jude College in any ticket, invitation, program, announcement or similar printed matter.
- To inhibit from pushing, trafficking, administering, using or possessing regulated or prohibited drugs and its derivatives since St. Jude College does not condone such activities.

Although the school cannot be held liable for the conduct of its students outside the school premises, depraved behavior of students outside school can cause disciplinary action. **The Council of Discipline is the deciding body who determines what action should be taken and for the discipline since we are on a different arrangement due to the pandemic. The school applies the general provision of the school’s code of discipline as stated in the old SJCDC student manual.**

Section VII

In times of Sars-Cov2 also known as COVID-19, our school is in full compliance with government authorities in the implementation of the guidelines on safety and security for the welfare of our students and stakeholders.

1. Safety Plan

The World Health Organization (WHO) recommended the following general precautions to be taken to prevent catching and spreading COVID-19:

1. Students are encouraged to often wash their hands with soap and water and dried with single use towel;
2. The school requires students to bring additional essentials such as hand sanitizer with at least 60% alcohol, goggles (optional), gloves and face mask;
3. The school shall observe physical distancing at all times;
4. The school strictly implements temperature check upon entering the school premise;
5. A disposable tissue should be used to cover the mouth and nose when coughing or sneezing, then thrown in a bin with a lid.
6. Students are asked to avoid touching their eyes, nose or mouth if their hands are not clean.
7. The school provides wall-mounted liquid soap dispensers and foot operated pedal bins in key areas of the school premises.
8. Our school security staff shall assess the implementation of safety and preventive measures.

2. Use of Mask

Though face masks alone are insufficient to provide us with an adequate level of protection, SJCDC adopts other relevant measures. To make it comprehensible, proper hygiene combined with the use of masks helps prevent human-to-human transmission of COVID-19 in our community.

This document and the information in it are provided in confidence and may not be disclosed to any third party or used for any other purpose without the express written permission of the St. Jude College Dasmariñas Cavite. senior management team.

The World Health Organization (WHO) issued guidance on the use of masks in the community, during home care and in health-care settings in the context of the COVID-19 outbreak. SJCDC adopts these guidelines for the safety of our community and prevention.

The following advice on correct use of medical masks is based on standard practice in health-care settings:

- a. Place mask carefully to cover mouth and nose and tie securely to minimize any gaps between face and mask;
- b. While in use, avoid touching the mask;
- c. Remove the mask by using an appropriate technique (i.e. do not touch the front but remove by the headband from behind);
- d. After removal or whether you inadvertently touch a mask, clean hands by using an alcohol-based hand rub, or soap and water.
- e. Replace a mask with a new clean, and dry mask as soon as it becomes damp/humid;
- f. Do not reuse single-use masks;
- g. Discard single-use masks after each use and dispose of them immediately upon removal.
- h. Cloth (e.g. cotton or gauze) masks are not recommended under any circumstances.

3. Environmental Measure

The St. Jude College of Dasmariñas Cavite consistently and meticulously follows the environmental cleaning and disinfection procedures mandated by authorized government agencies. We strictly observe all safety measures to mitigate the spread of the COVID-19 virus.

DepEd Memorandum No. 042, s. 2020

SOCIAL DISTANCING refers to measures being taken to restrict where and when students and school personnel can gather in order to stop or slow the spread of infectious disease. In general, 6 feet of separation is the distance that should be kept between people interacting within their community. This recommendation is most important in the setting of a large gathering where there is intermingling of people whose symptom status may be hard to monitor.
